Jackie was the highlight of our conference and this is testament to her thorough presentation. She understood our brief and audience and delivered a most amusing, thought provoking and entertaining keynote. She had everyone eating out of the palm of her hand! Her workshops were equally successful – it was so full, we had to keep the doors opened!

Jackie Furey was simply outstanding. Her presentation was informative, professional and humorous, ensuring she was a favourite amongst our delegates at our International conference in Phuket July 2007. Jackie connected brilliantly with everyone, not only while she was on stage but throughout the conference, taking time to meet our delegates and spend quality time with them. Jackie brought a new and interesting perspective to our agenda that was both inspirational and thought provoking. Can't wait to work with her again!
