More about Peter Baines:

Peter completed university studies in forensic science, law and management and spent 22 years in the NSW Police leading forensic teams in the investigation of some of the world's most horrendous crimes and disasters.

Peter developed his unique leadership style by leading international identification teams into Indonesia and Thailand following acts of terrorism and the 2004 South East Asian Tsunami. He went on to work in the counter terrorism area of Interpol, spent time with the United Nations Office of Drug and Crime and also worked in Saudi Arabia and Japan after natural disasters hit those countries. After meeting the children left orphaned by the Tsunami, Peter felt compelled to act and founded the Australian charity called Hands Across the Water which has gone on to create opportunities for hundreds of children across Thailand.

Today, Peter has a successful consulting business building engagement through corporate social responsibility and presents across the globe to major corporations and governments on Leadership. He is the author of two books, Hands Across the Water, and Doing Good by Doing Good, which provides a blueprint for building experience led engagement programs with a focus on shared value.

Client Testimonials

I recently attended the breakfast at the Hyatt in Adelaide. Peter spoke on the work that he has done in the disaster area that was Thailand after the Boxing Day Tsunami. Never in my life have I been so intrigued, so interested so absolutely blown away. But most importantly he spoke of his actions as part of a team and really outlined the importance of team work and leadership, not just in bad times, but in everyday life. Peter is an incredible speaker and has his audiences full attention the whole time he is speaking. I laughed and I cried during Peter's presentation and by the end I was totally overwhelmed.

Think Global Consulting

I attended the CPA function yesterday and was lucky enough to hear you speak. I felt compelled to write a brief note to say how inspirational and moving it was to hear your personal experiences. It was such an honest account and I felt almost distressed at some of your stories. It is great to see an ordinary (or rather extraordinary) Australian play such an instrumental role when disaster strikes.

NSW Crime Commission

Client Testimonials

Amazing. A complete surprise. A great communicator, very powerful. I had Youtubed him all over the place and thought I knew what we were getting but it was only one tenth of what he delivered. Not a dry eye in the house. One of the best we have ever had.
