Client Testimonials

Simon was the perfect person for comedic relief after a long day at our Sales Conference. He captured the audience's attention immediately and had everyone in stitches to the point where one of our Account Managers went purple!!! He did "Respectfully Rude" perfectly, and didn't resort to making fun of people which was nice. I appreciated his efforts in taking the time to find out about the event, the audience, and also if there was any issues which he needed to avoid. I would recommend him for any event – small, big or large! Thanks so much Simon for a brilliant evening.

Tempo

We had a great night and Simon was great, and carried off the Awards Presentation Hosting in an amusing but very professional manner. Simon also interacted well with attendees at the event and we received good feed-back during the evening.

I want to thank you so much for enabling us to have Simon Kennedy perform at our Christmas Party last Saturday night - he was absolutely fabulous! We had 110 people attend and when I looked around the room everyone was in stitches. I know at the end of his performance I had "Panda Eyes" from my mascara. Could you please pass on our sincere gratitude to him - he is such a lovely person and ensured that he was thoroughly professional, bantered with the audience and did not do anything that was offensive - everyone at work has been saying how great he was!!!

Cancer Care Associates

I can't recommend Simon enough, he truly understood our audience and what we were trying to achieve and it showed in his performance. Not only was he hilarious, but an absolute professional. We have had calls from attendees asking for your details as they were so impressed by Simon!

Client Testimonials

Simon Kennedy recently emceed Northern Beaches Mental Health Focus on Recovery Forum/EXPO at which we had over 300 people. He was amazing and very professional a great emcee and comedian, it was obvious he has years of experience. Due to a late start because attendees and stall holders arrived late we had to make many last minute changes to the program. Simon took it all in his stride, very quick on his feet and he even calmed me down when things weren't going to plan. He was funny but also respectful to mental health and community issues I would definitely utilise his expertise again.

Thanks Mark. All good, Simon was super and hosted a great night! He picked up everything really quickly and worked well with me on the night to adapt timings and sessions to make it a great night for all! He's a lovely guy and was great having him there to "lead proceedings!" His routine was awesome and he made adaptations based on the audience and reactions. I would definitely recommend him for future events.

Lion Connect

A short note to thank you for the work you did on Tuesday in helping make our Crisis Management forum such a success. Your ability to keep the momentum going and also add that little bit comedy to keep everyone focused was most definitely a contributing factor in the overall success of the day. Good luck in your future and I hope our paths cross again in the not too distant future.

Council of Australian Tour Operators

I couldn't believe how skilfully he read the audience at our event and how he cleverly adlibbed his way during the presentations. He took control and the evening ran smoothly under his steerage. I was watching the audience throughout as it's always daunting when booking someone for the first time. They can make or break an event and it's a reflection on you. There was no need for worry. They couldn't have been more positive. Everyone was in stitches including me.. no need for sit-ups the next day! I would definitely use Simon again without a doubt as an MC or comedian. I trust him and he is a consummate professional.
