Warwick ignites an endless passion to Get More out of life in the professional and personal experiences of clients who come from a variety of industries, including finance, government, professional associations, education, manufacturing and mining.

Today, Warwick's presentations are based on the philosophy of building a life that is based on choices, not on 'shoulds'.

Considerable business experience across small, medium and large leading companies, in combination with multi-industry experience gives Warwick the ability to design relevant and motivational presentations that carry client's key messages in an entertaining and memorable way.

From a formal function to an interactive workshop, and all events in between, Warwick will provide the professional scope to fit the occasion, meeting client's KPIs and ensuring guests are entertained, educated and inspired.

Be it from improvised notes at informal functions to fully scripted major events, Warwick is a Master MC. He has hosted intimate touring groups up to international audiences of over 2,000 people. Client testimonials

“ After the outstanding job Warwick did at our ClubMEA event in January, it was a sigh of relief knowing we'd have his delightful presence and strong commitment to delivering a hit event behind us for the VIC Awards Gala Dinner. Although awards presentations can be a challenge to sit through, there was a beautifully flow to the evening with Warwick as MC. He hit the perfect balance of light entertainment, while keeping us to schedule and maintaining a high energy vibe in the room. Brilliant! I can't thank you enough for your fabulous work and making my job easier, we look forward to working with you again and I'd highly recommend you to others as a top choice for an MC.

“ What an amazing job you did at the Geelong Small Business Buffet. The particular time slot I gave you was always going to be a struggle as the delegates had already been there seven hours but you gave them no chance to rest! I have seen you present before but I was amazed at the engagement you received, the practical tips you not only shared but had them use and the way you didn't just tell us but showed us how to use these skills. I received so many comments about how funny you were and how you opened people's eyes to some simple, practical and incredibly valuable tips for being more successful in business. Warwick, I can't

wait to use you again and I understand my colleagues have already approached you to host a major function in a couple of months time.

“ I had to say thank you for a fabulous job you did as MC of our annual awards. You hit the balance between formal occasion and fun perfectly. In fact we have had comments from many of the attendees saying how much they enjoyed what you did. Awards presentations with VIP presenters can be a challenge as they typically have very tight schedules. I was so impressed with how you managed to “fill in” while we waited for one of our final presenters to arrive. The way you got the audience involved and made it about them and their special day was sensational. Warwick I would not hesitate in recommending your services to others. You are a true master of your craft.

“ Warwick, I want to thank you for the fantastic job you did as MC for our Breakfast Club event. In particular I appreciated the way you kept me informed prior to the event and your early arrival. As the organiser it gave me one less thing to worry about! Your ice breaker was perfect. It was a load of fun and directly linked to our brand in a way I could have never imagined. It was so easy to deal with you and you really contributed to the success of the event. Warwick I highly recommend your MC services and look forward to using you again in the near future.

“ As a professional speaker and event promoter I know a key ingredient to a successful event is a great MC. In my 10 years in the speaking business I haven't meet anyone better than Warwick Merry. No matter what challenges occur Warwick is the man you want in control. His professionalism, good humour and energy are simply outstanding. In fact, Warwick has proven so popular with our members and guests we secured him to MC all our events this year. If you want to take your next conference to another level I suggest you start by booking Warwick, your audience will thank you.
