He's also performed as a stand-up comic, developing a sharp understanding of audience engagement, timing, and the power of humour.

Today, Seamus is the founder of EVKO Creative, a content and strategy agency helping businesses tell compelling stories and grow their brand through high-impact media and messaging. He also works with leading organisations as a motivational speaker, MC, and corporate media trainer, specialising in presentations that inspire mindset shifts, encourage authenticity, and build inclusive, high-performing teams.

Through his signature keynote, "Turn a Flaw into a SUPERPOWER," [Your Name] empowers individuals and teams to embrace challenges, reframe limitations, and unlock potential. As an Ambassador for the Tourette Syndrome Association of Australia, he's a passionate advocate for neurodiversity and inclusive leadership.
