

Dr Bronwyn Evans

CEO Standards Australia, Facilitator & Keynote Speaker

Dr Bronwyn Evans, CEO of Standards Australia, has been recognised as one of Australia's most influential engineers and included in the Westpac/Financial Review 100 Women of Influence.

An engaging, personable speaker and a highly effective meeting facilitator, Dr Evans' has an impressive depth of knowledge and an approach that is creative yet direct and amusing.

Dr Bronwyn Evans has a Bachelor of Engineering (Elec) and PhD in Electrical Engineering in industrial automation. She has over 30 years' experience in medical devices, engineering education, standards development and power generation.

She Chairs the Growth Centre for Medical Technologies and Pharmaceuticals, is a member of the Australia-Japan Foundation, and is the VP (Finance) of the International Standards Organisation, ISO.

Dr Evans has previously held positions as Deputy Chair of The Warren Centre for Advanced Engineering, an independent non-executive director of John Holland Limited, Chair of the Medical Technology Association of Australia Board and Chair of the National Board of the Centre for Engineering Leadership and Management.

Dr Evans is an Honorary Fellow of The Institution of Engineers Australia, a Fellow of the Australian Academy of Technological Sciences and Engineering, an Honorary Fellow of University of Wollongong and a Graduate of the Australian Institute of Company Directors. In 2014 she was awarded the Engineers Australia President's Award.

In 2014 and 2015 was recognised as one of Australia's 100 most influential engineers, in 2015 was acknowledged in the Prime Minister's Knowledge Nation 100, and in 2016 was honoured to be included in the Westpac/Financial Review 100 Women of Influence.

Client testimonials

“ Your overview of the innovation agenda and the Industry Growth Centres, and the context you provided for the participants, were a fantastic introduction to the rest of the day, which I hope you found interesting. Several other participants commented at the end of the conclusion that they found the discussions very relevant to their roles and were hoping to make use of the report findings in their work.

- Australian Academy of Technology and Engineering

“ Dr Evans has chaired a series of sessions for the CEW Leaders Program as well as being a speaker this year in the Singapore program. Bronwyn is imaginative and creative in her approach to any topic that she is asked to address and is an engaging speaker. I have no hesitation in recommending her as a speaker.

- CEW Leaders Program

“ Bronwyn’s speaking style is engaging and personable. She participated in a panel at the end of a long day of talking, and her frank and amusing approach energised the room and captured the audience’s attention wholly. Bronwyn was a valuable speaker on a program stuffed full of leaders in business, science and government, and we hope she can join us again next year.

- Science & Technology Australia

“ Thank you for delivering the Occasional Address at the Faculty of Engineering’s Schools of Biomedical Engineering, Chemical Sciences & Engineering, Computer Science & Engineering, and Petroleum Engineering graduation recently. Your speech was extremely well received by students and staff and we appreciate the time you took in its preparation and in attending the ceremony. Graduation is the highpoint of the Faculty’s calendar each semester. It is a truly memorable occasion for our graduates and their families and your participation contributed greatly to its success.
