

Nigel Phair

Technologist, Advisor, Academic and Company Director

Nigel Phair is an experienced Non-Executive Director with a strong background in technology specialising in strategy, risk, and governance functions. He has a proven track record of providing strategic guidance and oversight to organisations, leveraging his deep understanding of technology trends and their impact on business operations.

Throughout Nigel's career, he has successfully advised boards and executive teams on navigating complex technological landscapes, aligning technology investments with strategic objectives, and mitigating risks associated with digital transformation. His expertise lies in developing effective technology strategies that drive innovation, enhance operational efficiency, and optimise cybersecurity measures.

With a keen eye for identifying emerging trends and disruptive technologies, Nigel provides forward-thinking insights and guide organisations to capitalise on new opportunities. He excels in assessing risk landscapes, developing risk mitigation strategies, and ensuring compliance with regulatory requirements in rapidly evolving industries.

As a non-executive director, Nigel actively contributes to board discussions, leveraging his governance expertise to provide oversight and guidance on corporate governance matters. He prioritises transparency, ethical decision-making, and the protection of stakeholder interests.

Combining his technical acumen with a strong governance focus, Nigel has a proven ability to bridge the gap between technology and business, driving digital transformation initiatives while managing associated risks. He is passionate about fostering a culture of innovation, resilience, and responsible technology adoption within organisations.

Nigel has a deep understanding of technology-driven business environments and a comprehensive approach to governance.

Nigel Phair Speaks About

- Digital risk
- Online trust & safety
- The international cyber security landscape

Testimonials

“ Nigel is a fantastic speaker who is highly knowledgeable on the topic of cyber-security. Combining his extensive knowledge with his passionate & endearing personality, he was able to engage effectively with the audience using real life, recent scenarios, to bring cyber security within business to life. I received great feedback from the audience who stated that he was head and shoulders' above other speakers they have heard on the topic. So pleased that we were able to secure Nigel for the event!

- Bankwest

“ Nigel Phair was a dynamic, engaging speaker that we felt lucky to have invited to present at our 15th Biennial Aon Benfield Hazards Conference His presentation (Cyber Re-Imagined[]) was rated by our audience members as one of the top presentations over the two day conference. The material which tackled a complex fast evolving sphere of cyber risk was delivered in a clear and engaging manner and resonated with our audience which included an eclectic industry mix from senior insurance analysts through to major company CEO's. He managed to deliver a diverse array of ideas all accompanied with his own well thought-out opinions in a well-structured professional style. We would happily invite Nigel to present at any future events of ours.

- Aon Benfield Re-insurance

“ Nigel was engaging and passionate, giving practical examples and insights around the strategy, governance and risk surrounding technology. A fantastic addition to the program and someone we would welcome to be involved again!
