“ As an Event Manager in the industry for over 15 years, I have booked many bands for different gigs over the years, however I’ve been booking sisterMISTER for all of my client’s corporate and charity events for the last few years and never looked back. Nicole and sisterMISTER are by far the most professional and entertaining bands I’ve ever used. The sign of a good event is a packed dance floor and that is always the case at the end of an event with sisterMISTER!
