Testimonials

Glen was truly inspirational. He has an amazing drive and focus and has overcome major setbacks in his career to come back to win his 3rd Melbourne Cup on Makybe Diva proving that with determination and strong will you can achieve anything ... Glen spoke from the heart, was honest and humble and received a great reaction from my team. His presentation was uplifting and enlightening. SONY BMG is one of the most important and influential companies in the music industry, and in my position I have worked with the leading figures in the music and entertainment industry. Glen was able to make connections to our industry with his story to inspire and motivate my team and we intend to use him again.

- SONY BMG

¹¹ His contribution to our conference was tremendous and went well beyond just his beautiful address to over 200 delegates ... his country chat mixed with a very interesting 'Life in racing' made everyone hang on every word ... I have seen many a good speaker in my time at conferences and I for one was not disappointed at all. On the contrary my expectations were already high from your recommendation and Mr Glen Boss exceeded that expectation. Glen made the audience feel and believe that they were actually riding on Makybe Diva to the finish.

- Total Financial Solutions Australia

- Glen was well received by the audience, told a great story about a comeback against the odds and gave an insight into a great racehorse, was very open about his style and spent considerable time after the address having photos taken with members of the audience. The feedback post the event was very complimentary.
